

KUNEMI Brand Guidelines & Architecture

Version: 3.0 (Updated July 2026)

Status: Confidential

1. Brand Overview (Kunemi Group)

Group Mission: To build, acquire, and scale foundational businesses that drive economic growth, efficiency, and innovation across multiple industries.

Group Vision: To serve as a catalyst for global enterprise, managing a diverse portfolio of companies that shape the future of how people live, work, and transact.

Core Values:

- Innovation
- Trust
- Simplicity
- Security
- Reliability
- Customer Obsession
- Continuous Learning

2. Brand Architecture

Parent Brand: Kunemi Group

This neutral parent structure allows for expansive future growth across diverse industries, while maintaining a focused identity for specific operational subsidiaries.

Subsidiary 1: Kunemi Technologies Ltd.

Tech Mission: Building intelligent software that helps businesses operate, grow, and compete in the digital economy.

Tech Vision: To become Africa's leading AI-first technology company, creating infrastructure that powers commerce, automation, and intelligent decision-making.

Technology Divisions:

- **Kunemi Commerce:** Shopflow, POS, Inventory, Payments
- **Kunemi Logistics:** Driver, Dispatch
- **Kunemi AI:** Agents, Intelligence, Studio
- **Kunemi Cloud:** API, Auth
- **Kunemi Enterprise:** HR, CRM, ERP
- **Kunemi Labs:** R&D

3. Visual Identity

The visual identity relies on modern, developer-friendly color scales to ensure UI consistency and accessibility across tech products.

Color	Hex Code	Primary Use Case
Deep Navy	#0F172A	Primary typography, dark mode backgrounds, structural UI elements.
Blue	#2563EB	Primary brand color, primary buttons, active states, key highlights.
Cyan	#06B6D4	Accents, secondary buttons, success/progress indicators.

Typography: Inter, Geist, Manrope

Style: Clean, minimalist, modern.

4. Voice & Tone

Professional, intelligent, approachable, and benefit-focused.
